8	<p>Correspondence:</p> <p>(1) Confirmation regarding 20MPH advisory speed limit for log lorries transporting timber from Whiteknowes. HD raised concerns re-lorries bringing in stone for trail repairs damaging the verges on the B734 "Screws". HD also pointed out that the lorries have caused a thick layer of whin dust to form on the road from the track to the village which is a slip hazard when wet. HD also wrote that, as predicted, verges at Alton Albany have become cut up due to the tight turn onto the track. HD noted that during the consultation BCC highlighted the need to open up the turn, however the representations were ignored.</p> <p>(2) Copy of correspondence between HD and Kevin Braidwood ARA regarding the road closure due to damaged tree at Barskaig.</p> <p>(3) Copy of correspondence between JL, PH and Kevin Braidwood ARA regarding B734 road damage at Penwhapple Reservoir bridge.</p> <p>(4) Copy of correspondence between JL and PH regarding concerns about the narrow corner on the B734 "Screws". Concerns were raised that heading into Barr the second corner after Bends 1 Mile sign is a blind, narrow corner where vehicles can't avoid being in the middle of the road. SAC/ARA will look into putting up warning signs either side of the corner.</p> <p>(5) Copy of information re-Arecleoch Windfarm Extension open days in Colmonell and Barrhill following which an application will be submitted in 2019.</p> <p>(6) Christmas light funding SAC, HD to forward to Maggie Bunnett BCA.</p> <p>(7) HD - Wind Capacity Study published. Carrick and South Ayrshire pretty restricting and SAC have had enough re-further wind farms.</p>	HD
